

# BLESecure Cable Seal

TRACK • MONITOR • RECOVER • PREVENT • PROTECT

The BLESecure is a unique 3-state cable seal that utilizes bluetooth to communicate real-time seal status. This patent-pending seal provides notifications of seal status in the open, locked, and tamper states. The BLESecure is an ISO 17712:2013 certified High Security rated seal that is designed for use in various supply chain and cargo monitoring applications.

- Benefits:**
- Real-time alerts when seal is cut
  - 3-State design provides 3 distinct states of unlocked, locked, and tamper
  - Increased broadcast rate when tamper event is detected
  - Uses BLE protocol communication which allows for ease of integration with Hub devices
  - Discrete, all weather design for maximum durability
  - Broadcasts battery level and temperature
  - Long read range of up to 75m
  - Intuitive installation
  - Report Only broadcast mode
  - Standard cable lengths: 12", 72"
  - IP65 rated

## Technical Specifications

Communication:	Bluetooth
Battery info:	C2025 3V Lithium (Non-rechargeable)
Battery Life:	6 months @ 15 sec beacon broadcast rate
IP Rating:	IP65
Certifications:	ISO 17712:2013, FCC, NOM, IC, CE, PROP65, RoHS 2.0
Temperature:	-30 °C to 85°C (-31°F to 185°F) operating environment 5°C to 35°C (41°F to 95°F) storage recommended
Unit Size:	1.45 in x 2.23 in x .74 in (36.83mm x 56.64mm x 18.8mm)
Unit Weight:	12" Cable - .12 lbs. (53g) 72" Cable - .25 lbs. (115g)
