

# ALL SEAL

ADJUSTABLE LENGTH SEAL

The All Seal is a pull-tight, adjustable security seal that combines durability with ease-of-use. A removal feature means no tools or cutters are required to remove. Since this adjustable seal is made out of High Density Polyethylene and Acetal, it is able to withstand great variances in temperature and is used extensively within the Airline, Healthcare, and Dairy industries.

## APPLICATIONS

- In-Flight Service Equipment
- Pharmacy Boxes and Cabinets
- Hospital Equipment
- EMS Equipment

## FEATURES

- Light duty, beaded strap, all plastic seal
- Available in two lengths: 8", 10" (203, 254 mm)
- Tamper-resistant acetal locking mechanism
- Thin strap designed to fit most locking rings and equipment latches
- Weather resistant; withstands extreme cold and heat
- Can be laser marked or heat stamped
- Optional laser marked barcode on extended flag version
- Matted in strips of 10

## MATERIAL

- High Density Polyethylene
- Acetal

## DIMENSIONS

- Overall Length: 8", 10" (203, 254 mm)
- Operational Length: 5", 6.4" (127, 162 mm)
- Width / Smallest Aperture: 0.11" (2.8 mm)

## STRENGTH CHARACTERISTICS

- Break Strength: 18 lbf (8.2 kgf)
