

KR - REMOVABLE RESIDUE VOID SEAL LABEL

The KR is a removable/partial transfer VOIDING self adhesive security seal. If removal is attempted it leaves an easy to remove adhesive "VOID OPENED" residue behind on the sealed surface and on the seal itself.

APPLICATIONS

- Smooth/semi smooth surfaces
- Fibrous surfaces
- Doors and cupboards
- Junction boxes
- Ammunition cases
- Storage lockers

FEATURES

- Available in standard design stock sizes in red
- Leaves a clear "VOID OPENED" message on the seal itself
- Leaves a clear "VOID OPENED" removable residue behind
- Can be personalized to instruction in red or blue
- Other colors available. 1,000 label minimum.
- Smooth, easy to write on surface
- Perforated between each seal for ease of application
