MRP2 POLYESTER FOIL FRANGIBLE SEAL LABEL

FOIL FRANGIBLE SEAL

TydenBrooks®
SECURITY PRODUCTS GROUP

The MRP2 is a matte silver polyester foil frangible security seal backed with a rubber based high tack adhesive. The seal incorporates the security petal cuts, which causes the seal to break up on removal, making it impossible to re apply in one piece. The seal especially suited to harsh environments on both porous and non-porous surfaces. The MRP2 is also designed not to leave unwanted adhesive residue on the surface of the item being sealed.
