

TeviTag™

The TeviTag™ is a simple, cost-effective solution that increases security and efficiency. In addition to the enormous flexibility and logistical options, this security seal incorporates patented locking mechanism and tamper-evident features. It's the first security device to combine security and logistics in the industry.

APPLICATIONS

- Trailer Doors
- Tankers / Valves
- Grain Hoppers
- Rail Cars
- Container Doors
- Tote Boxes
- Electrical Panels
- Control Panels
- Storage Containers
- Fiber / Steel Drum Rings

FEATURES

- Patented tamper-resistant locking mechanism and design
- Thin, flat sealing strap designed to fit most openings
- Can be produced on vinyl stock for all-weather use
- Can be produced with identification and barcoding on pressure sensitive stock with peel-off receipt
- Custom printing to include 4/c process and variable information

MATERIAL

- Seal: High Density Polypropylene with Acetal locking mechanism
- Tag: Paper, Vinyl, Pressure Sensitive Label, Tyvek®
- Break apart strength: 116 lbs (52.6kg)

DIMENSIONS

- Seal: 4.25", 5.50" (108mm , 140mm)
- Tag: Length - Min 3", Max 10" (76mm, 254mm)
- Width - 2" (50.8mm)
- Maximum tag thickness - 14 pt
- Seal Width/Smallest Aperture: 0.18" (4.57mm)

MARKING/PRINTING

- Tag only; No option to mark on seal

STANDARD COLORS

- Seal: Red / Blue / White / Green / Yellow / Orange / Black / Gray

PACKAGING

- Standard Packing:
 - 500 per box
- Carton Weight: Variable
- Carton size:
 - 21.75" x 15.63" x 11.63" (55.3cm x 39.7cm x 29.5cm)
